

PACIFICA

ARRIVING MID SEPTEMBER

Philosophy

The shape and size of Pacifica stands out because of its incredible international fit. The narrower bridge with a wide spread at the base of the nasal profile adds to an incredibly conforming fit and style. The built-up internal bridge shape, less extreme face curve, and increased panoscopic tilt also contribute to the wider fit. The inspired color assortment features handmade LAES Italian sourced acetates.

Size

A 54 | B 40 | ED 55 | DBL 17 | TMPL 140
