Philosophy

Transparent colors are a big statement this season and we selected just the right hues and shades that look sophisticated and tasteful. The metal temple merged with the thin profile front construction and the slightly over sized eye shape makes you an original when you wear the style. You appreciate simple gestures, such as the kick upward at the bottom corner, that shows why a design from an independent eyewear company stands out in the crowd.

Size

A 53 | B 37 | ED 54 | DBL 16 | TMPL 140
