

BELLUNO

ARRIVING EARLY OCTOBER

Philosophy

High up in the northern Italian Alps nestles the Belluno region, where so many beautiful frames in the history of eyewear have been designed. This region is steeped with a colorful history of innovation and design. We created the style Belluno as an homage to the joy for life, style and fashion that comes when you are wearing a distinctive design. The thin profile eye-shape and sleek temple is an amazing balance of proportion and scale. When Modern elegance and precision are your calling card, you will look the part.
