Philosophy

What a perfect name for a shape that is so timeless and glamorous. There is nothing like a cat shape, drawn with meticulous insight, creating curves that put you in front of the crowd as a shining standout in an ode to old Hollywood. We were inspired by vintage shapes but went ahead and thinned down the front and top profiles to modernize the direction. The metal décor and endpieces seamlessly flow into the hinge, creating hardware that is the mark of fine craftsmanship, like timeless accessories. The varied color assortment means there is a look for every personality.
