OPTICAL EXPERIENCE

Having worked in the customer relations and management field for a while, I love caring for my accounts, helping them succeed.

Once I took my show on the road as a sales person, that didn't change! I am always focused on my customers feeling cared for and their businesses succeeding.

WHY DO YOU LOVE WHAT YOU DO?

Nothing beats seeing my customers happy. Forming a relationship with new accounts, building trust, and seeing their smiles when I offer them exciting new product, that's why I do what I do.

WHAT ARE YOUR INTERESTS AND HOBBIES?

Travel and meeting new people – I sure found the right career!

ARE YOU A DOG OR CAT PERSON?

Both! After owning a dog for many years, I met two sweet cats that are just as fun to be around. I am an equal opportunity pet lover.

FAVORITE FRAME OR COLLECTION?

Whichever collection lights up my customers' faces is my favorite! So it changes day to day!

FAVORITE MUSIC BAND?

A local alternative rock band called "Sonic Curators". Check them out!
