

VANDAM SUN

 VTO AVAILABLE

Philosophy

At SCOJO New York we understand the need for sun readers when you are outdoors or in bright light and still want to get to the point and read that fine print. With this in mind we created the Vandam Sun—a fun expressive shape with a scalloped edge detail at the brow to radiate your style. The lenses give full UV protection and offer top quality optical grade clarity. See things in a new light with your Vandam sun readers.
