

Shimmer 10

 VTO AVAILABLE

Philosophy

The Shimmer capsule is a great vehicle to experiment with fine jewelry materials such as crystals and cut crystal glitter. We imagine ways to make this collection fresh with new settings and applications. We see just this in the Shimmer 10, as we borrowed a technique from the apparel industry and set the crystal glitter directly on fabric as they do with couture clothing. The Crystal glitter adheres directly to the handmade acetate frame. The effect is nothing less than majestic with a very clean modern face. The shimmering result is an inspired layer of texture and light.

Size

A 53 | B 39 | ED 54 | DBL 15 | TMPL 140

Colors

- 8227 - CRYSTAL
- 8523 - BLACK

Features

- OBE ISS locking screws
