- SUN - SUNSET PURPLE FADE

## FEATURES

- Cat Eye shape
- Saddle bridge
- 3 Barrel hinge
- Cutout embellishments
- OBE injection safety screws

## MATERIALS

- Premium acetate

## MINNESOTA LINGO

The Canada Lynx (*Lynx canadensis*) is the rarest wildcat in Minnesota. This rare cat has brown fur with white undersides, long ear tufts, a pronounced goatee under the chin, and like its favorite prey the Snowshoe Hare, has large feet for walking on top of deep snow. This rare cat has been protected in Minnesota since 1984 and joined the federal list of threatened species in 2000. This agile cat was also the inspiration for the name of the local WNBA team The Minnesota Lynx. This team holds the WNBA record for 10 consecutive playoff appearances and won the title 4 times in the 2010's.
